WHO SHOULD ATTEND

If you own, or plan to own, a business in Washington and want to know more about state business and occupation (B&O) and sales taxes, this free workshop is for you!

WHAT YOU'LL GAIN

Attend a New Business Outreach (NBO) workshop and find out how Washington's excise taxes apply to your business. You'll learn about your tax reporting and collection responsibilities as well as the credits and deductions available to your business.

You'll also receive your own workbook that explains Washington's excise taxes in simple terms. It includes samples of completed tax returns and answers to commonly asked questions.

At the workshop, you'll have the opportunity to ask specific questions and find out how to get information down-the-road when you really need it.
